

Year 1 Newsletter

Red & Green Class

Welcome to the Year 1 Summer Newsletter. We hope that the Summer Term will be busy and exciting. Here is some information about things that will be happening this term.

Topic overview – The Summer Term is a busy time for everyone. We will continue with our story writing and information/non-fiction writing. Our focus this term will be to continue using our phonics and common exception words in our reading and writing. It is important that you still hear your child read on a regular basis and record it in the Contact Book.

In Maths we are enjoying working with numbers; exploring number bonds, recognising and using numbers in numerals and words. We will also be developing our other skills such as problem solving, expanding our measuring skills and learning about money and how to multiply and divide.

Our History topic will look at Kings and Queens, their crowns, thrones and family trees.

In Geography we will continue with our weather maps – hopefully we will see some long awaited sunshine!

In Science we are learning about inventors and inventions.

In RE we will be finding out about God's wonderful creation and what it means to be a Saint.

Homework – The Summer Term Homework menu will be added to the homework books when they are returned to school. You are still free to choose which activity your child completes each week and how long they spend on each activity.

PE – Hopefully the will have better weather and PE lessons will be able to take place outside. It is important that your child has their PE kit in school at all times. We will be

playing games and practising for Sports Day. Children are allowed to wear trainers when outside for extra support.

Important dates – The Phonics Check will take place during the weeks of the 11th June and 18th June. Please let us know if you have any holidays planned during that time.

Date for Class worship –

Red Class Worship is **Wednesday 2nd May**. Please note the change of day.

Green Class Worship is on Thursday 10th May.

Both will start around 9.10-9.15 am.

AOB –Hopefully the Summer Term will be full of sunshine and good weather. Please ensure suncream is applied before school and that it will last all day and not need reapplying at lunchtime. Children will also need a named sun hat and a bottle of water every day.

Thank you for your continued support.
