

Playing and Exploring - Engagement

Finding out and exploring	Playing with what I know	Being willing to have a go
I am curious about objects, events and people	I pretend with objects	I initiate activities
I use my senses to explore the world around me	I represent experience when I am playing	I seek challenges
I engage in open ended activities	I pretend to be someone else when I am playing	I have a 'can do' attitude
I show particular interests	I act out things with my friends, family and teachers	I take risks, engage in new activities and learn from 'trial and error'

Active Learning - Motivation

Being involved and concentrating	Keep on trying	Enjoy achieving what I set out to do
I can focus on an activity for a period of time	I keep on trying when something is challenging	When I meet a goal I am satisfied
I find some things fascinating	If something is difficult I try harder	I am proud of how I do things (not just the end result)
I am not easily distracted	I can try different approaches	I enjoy challenge for my own sake, not just for praise and rewards
I pay attention to details	I bounce back after activities	

Creating and Thinking Critically - Thinking

Having my own ideas	Making links	Choosing ways to do things
I think of ideas	I notice patterns and make links between experiences	I plan how I will solve problems and I make decisions
I find ways to solve problems	I make predictions	I think about how well my activity is going
I think of new ways to do things	I test my ideas to see if they were correct or not	I change how I do things sometimes
	I think about grouping, sequencing and cause and effect	I think about how well my approach worked

Love God, Love learning, Love each other.
