

Year 6 Activities

Titanium

Watch Titanium music video on The Literacy Shed:

<https://www.literacyshed.com/the-music-video-shed.html> (scroll down page to find it).

This video opens with a scene of destruction, but what has caused it all? You will have to watch it all to find out!

English (choose one or both writing activities)

- 1) Write in role of the boy, use his emotions through the story to gain an understanding of his feelings and whether he comprehends what is happening. Include an example of direct speech in your writing.
- 2) You wake up one morning to find you have incredible strength, what do you do? How would your life change?
- 3) Have a look at the other writing opportunities on the video page or maybe it will inspire you to write a story of your own.

Maths

Order of operations. Watch BBC Bitesize's maths 2 videos, complete the online activities and complete the worksheet:

<https://www.bbc.co.uk/bitesize/articles/zb48d6f>

Complete Mathematics work from last week if you haven't done so yet.

RE

This is the month of Ramadan for Muslims. Find out what this time means for Muslims. Does it have any similarities with any Christian practices that we have discussed in school?

Science

Titanium is a type of metal. Scientists give Titanium a symbol, rather than having to write its full name in scientific equations and that symbol is **Ti**. Lots of other metals and gases are given special short symbols and listed in a table called The Periodic Table. Try to find out some of the elements that are found on The Periodic Table and find the special symbol for each one.

History

Our area is rich in metals such as iron-ore, found in the Cleveland Hills and has good farming land, which is why many people from other countries have invaded and set up home here in the past. Can you find out which people

Please use your revision books to complete daily activities for Reading, maths and SPaG to continue your learning in preparation for secondary school. Please also use SPaG.com to consolidate learning.

Children can continue to log on to Class Dojo to add to their portfolios.

settled in our area. Some names of villages and towns in our area may give you a clue!

Art

Lots of artists work with different metals to produce paintings, sculptures and even jewellery. It usually has blues, purple and green tones. Can you create a piece of art using these colours? Try blending them to achieve different tones in your work.
