

## Science

Floating and sinking

Can you find some objects in your home? Do they float or sink? Can you make a table to record your findings/results?

A worksheet titled "Sink or Float?" with an anchor icon on the left and a sailboat icon on the right. It features a table with the following structure:

Object	What do you think will happen?		What actually happened?	
	Sink	Float	Sink	Float

## English

Watch the video clip.

Description

Can you write your own adventure story? What could you find, where could you go and who could you meet.

or/and

Could you make your own non-fiction booklet or fact file about different species/types of fish or something else you are interested in?

## DT

Gabby sees lots of different types of fish.

Design your own fish and label it. Can you give it a name? If you have recycled materials, you can even make it or paint a picture of it.

## Maths

Time

Time seemed to stand still for Gabby as she had the most amazing adventure.

Can you practise telling the time?

O'clock

Half past

Quarter past

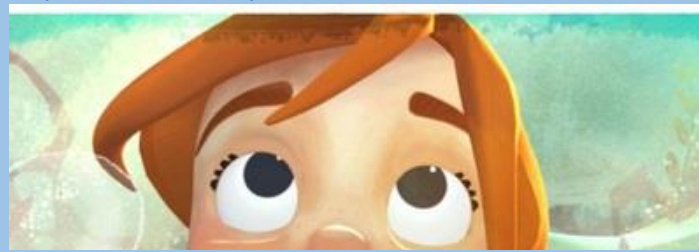

Quarter to

## Year 2

Watch the Bubbles video

## Common Exception Words

Please see **the Y2 Common Exception Word List**

Can you **read** and **spell** all of the Y2 common exception words?

Can you write some sentences to include the common exception words?

## PE

Gabby enjoyed jumping from one bubble to another.

Can you make up your own exercise routine? You can even ask someone to video you doing your routine.
